Dear Madam:

In response to the restriction requirement set forth in the Office Action mailed October 10, 2003 (Paper No. 7), applicant hereby provisionally elects Group I claims 1-26, 44-51, 61-70 and 75-78 for continued examination, with traverse.

Transverse of the Restriction Requirement

The Examiner has set forth a 5-way restriction between Groups I, II, III, IV and V. Specifically, the Examiner has identified Group I as being drawn to a system and a method for delivering information to a requesting user; and Group II as being drawn to a method for allowing a TV user to receive programs desired by that user; and Group III as being drawn to a system for delivering entertainment programs to a user; and Group IV as being drawn to a method of delivering information from any of a plurality of information sources to an information seeker wherein each said information seeker has caused to be remembered abstracts of information being sought by said information seeker; and Group V as being drawn to a method of providing to a user information pertaining to geographically diverse locations.
